Attachment "A"

On August 19, 2020, Veronica BELLAND, a United States Citizen, applied for admission into the United States at the Anzalduas Port of Entry (POE) in Mission, Texas. BELLAND was operating a red in color Ford Edge and was referred for a secondary inspection due to a primary lookout on the vehicle indicating the possible presence of anomalies during a previous entry into the United States.

During the secondary inspection, a Customs and Border Protection (CBP) K9 alerted to the odor of narcotics emitting from the vehicle. A subsequent x-ray scan revealed anomalies in the center console of the vehicle and a manual inspection produced fifteen (15) packages concealed under the center console which contained a white powdery substance that field tested positive for the properties of cocaine. The packages were extracted from the vehicle and contained a total of 16.88 kilograms of cocaine.

Homeland Security Investigations (HSI) Special Agent (SA) Joe Michael Salinas responded to the Anzalduas POE for investigative assistance and conducted an interview of BELLAND. During the interview, BELLAND admitted to knowledge that she was transporting illegal drugs into the United States from Mexico and stated that she believed the vehicle contained cocaine. BELLAND stated that she was going to be paid \$2,500 in U.S. currency for the trip and estimated that she had made approximately five (5) or six (6) prior successful trips where she transported a drug laden vehicle into the United States from Mexico.
